## Special Measures in the 2025 Periodic Reconstitution (Russell/Nomura Japan Indexes)

Regarding the special measures for the 2025 periodic reconstitution of the Russell/Nomura Japan Indexes, please be informed that **NIDEC CORPORATION (6594)** will be removed.

### Notes:

It has been publicly announced that **NIDEC CORPORATION (6594)** has been designated as a Security on Special Alert by Tokyo Stock Exchange effective as of October 28, 2025. Considering the impact on users, it has been determined that the stock will be removed from the universe of stock selection for the 2025 periodic reconstitution of the Russell/Nomura Japan Indexes (periodic reconstitution date: November 20, 2025).

#### ■ Target Stock

NIDEC CORPORATION (6594)

#### ■ Measures for the 2025 periodic reconstitution

Exclusion

If the reason for its exclusion has been withdrawn, as of the next periodic or unscheduled reconstitution base date, it will no longer be regarded as ineligible for inclusion in the universe. For unscheduled reconstitutions, inclusion determinations will follow the same rule as for newly listed stocks: only stocks that are eligible for inclusion in the Large Cap Index<sup>1</sup> will be included in the universe.
